

CAREER ROADMAP | Consulting

Description of Field:

The consulting industry involves providing advice, strategy and solutions to clients in a wide variety of settings. Consulting is a broad term that includes consulting in management, marketing, technology, human resources, financial, energy, supply chain healthcare and many others. Consultants work environments vary from large fortune 500 companies to small individual firms.

General Skills:

The consulting field requires a variety of skills based on market sector. Sample skills in all areas of consulting include: technical and interpersonal skills, problem solving and decision making, analytical skills, critical thinking and comprehension.

Insider Advice:

You don't have to be an expert in a field to start working in consulting. Many firms hire entry level and interns for a variety of opportunities and from many majors including liberal arts. Consulting internships can be competitive, and companies will begin to fill summer positions in the fall, start early and take advantage of your network, on-campus recruiting and information sessions.
