

# CAREER ROADMAP:

## Entrepreneurship

### Description of Field:

Entrepreneurship has traditionally defined as the process of designing, launching and running a new business such as a start up company, offering a product or service for sale. The individuals who provide these services are called 'entrepreneurs.' This industry involved the development, organization, and management of a business in correspondence of taking risks to make a profit.

### General Skills:

Entrepreneurship may require a variety of specific and transferrable skills. Sample skills can include management, sales, organization, adaptability, communication, problem solving, persistence, and acceptance or risk.

### Insider Advice:

Being a successful entrepreneur typically involved weighing the fine line between risk and reward. The key, however, is to remain consistent and persistent in the vision at hand even through the most challenging times amongst the journey. For individuals seeking investment within this industry, be smart in deciding who's advice to take under further consideration because being comfortable with the enemy is important for seeing every detail of our business.
